LOTS OF CHANGES

LLUD has some new faces, but the goals remain steadfast. The Board and Staff will continue to provide quality water and safe sewer treatment to Lost Lake Community residents.

Our long-time Certified Operator has accepted a new opportunity, so the Board chose to retain the services of Test Inc for a

Certified Operator who will visit us weekly and file all necessary IEPA documentation. We have also hired two part-time Operators, Eric and Brennen, who will perform our daily operational tasks and testings.

Our Board has also experienced recent changes, and we greatly appreciate those who have stepped up to help lead our

organization. One vacant Trustee position remains, so stop by our office for an application if you are interested in being part of our ever-evolving team.
