

LOST LAKE UTILITY DISTRICT - Water & Sewer Management

Spring 2025

Lost Lake
UTILITY DISTRICT

WATER METER UPGRADE OPTION

We are excited to announce an opportunity for our customers to participate in an optional water meter upgrade! The upgrade is not a requirement but will be beneficial to those who participate.

The new cellular meter would allow you, the customer, to **monitor your real-time water usage**. Monitoring is available by using Eye on Water which can be accessed on your computer or by downloading the app to your phone. You can track your water usage, identify potential problems, track water conservation efforts, and even receive alerts if your water usage is too high. With Eye on Water, you'll have peace of mind knowing that your water is being used responsibly.

The upgrade allows you to create **custom alerts** through Eye on Water that will notify you if your water usage is greater than anticipated. You will have the ability to stop leaks as soon as they happen, instead of being surprised by a large water bill! A running toilet, a leaky garden hose, a dripping faucet, and more could remain undetected and create a large expense for you.

This upgrade would also be beneficial to monitor your water when you are away from home. You can access Eye on Water any time to be sure that unexpected leaks aren't happening that could cause excessive damage to your property.

To see a preview of what the portal can do, watch this short video: <https://www.youtube.com/watch?v=RSW5FcB1nM0>

We have a limited number of new meters on hand, so we will provide them to you on a first-come-first-serve basis. Complete the water meter upgrade application right away to enjoy the benefits of this upgrade. The application is available in our office at Lake Court Center or on our website at www.LLUD.org. **For only \$399, you can have peace of mind and ensure responsible water usage.**

If you have any questions, please reach out to our office at 815-652-3494. Regular office hours are Tuesday, Wednesday, & Thursday from 9am-5pm.

BOARD TRUSTEES NEEDED

If you have the desire to serve your community, we need you! Our Board of Directors is seeking to fill a vacancy with a Lost Lake property owner who is willing to contribute to the decision-making of our organization. Your commitment would include participating in one board meeting per month and participating in committees or projects as needed. Industry experience would make you an invaluable asset for our organization and the community as a whole. Experience is not a requirement, just a passion and commitment to our District.

We have one vacant board position, and 2 additional positions opening May 1st as current board members' terms come to an end.

The Trustee Application can be found online at https://llud.org/documents/807/Trustee_Application.pdf or by picking up a printed application during regular business hours (Tues-Thurs 9am-5pm).
